

RICHMOND GROUP OF COMPANIES SPEAKER SERIES

Tuesday, February 12, 2008

Guest Speaker

Dr. Sherry Cooper,
Executive Vice-President - Global Economic Strategist
BMO Financial Group
Chief Economist, BMO Capital Markets

Global Growth: Canadian Opportunities

The global economy is undergoing a period of financial stress, and central bankers find themselves trying to find the right balance of managing monetary policy amid the market turbulence. U.S. growth has slowed, undercut by a credit crunch, and the effects of the housing sector slump. The Canadian economy, however, is well positioned to weather the U.S. slowdown, boosted by a healthier housing market, strong commodity markets, and a robust fiscal picture, but is feeling the pressure of a high Canadian dollar.

Dr. Sherry Cooper will discuss the economic and financial outlook for Canada and the U.S. against this backdrop of important cross-currents.
